Working Waterside.

Princes Dock. Energy meets serenity.

This is where waterfront serenity
meets city centre energy.

Princes Dock is a world-class business
destination and leisure complex in the
heart of the city. It's home to incredible
views of the iconic Royal Liver Building
and panoramic views of the River Mersey.

We are just an 8 minute walk to the city
centre and with great connections by bike,
boat, train and bus, the city, the nation
and the seas are on your doorstep.

Discover
Princes Dock.

No. 12 For start-ups and scale-ups.

With short and long term leases available, No. 12 brings flexibility for 1 to 160 employees.

The five storey Grade A office building includes a double height entrance and reception area together with a full height glazed atrium which provides an informal breakout space for tenants.

The building includes flexible office suites from 111 Sq. ft to 14,074 Sq. Ft.

We love being in and around the dockland area of the city, as well as being part of the ongoing development plans at Liverpool Waters. Their commitments make it an obvious location from which to continue our growth."

Mark Parker | Director

No. 12

A space to
make your own.

Take a look inside No. 12;
experience the breathtaking
views, explore the office spaces
and imagine how you will make
it your own.

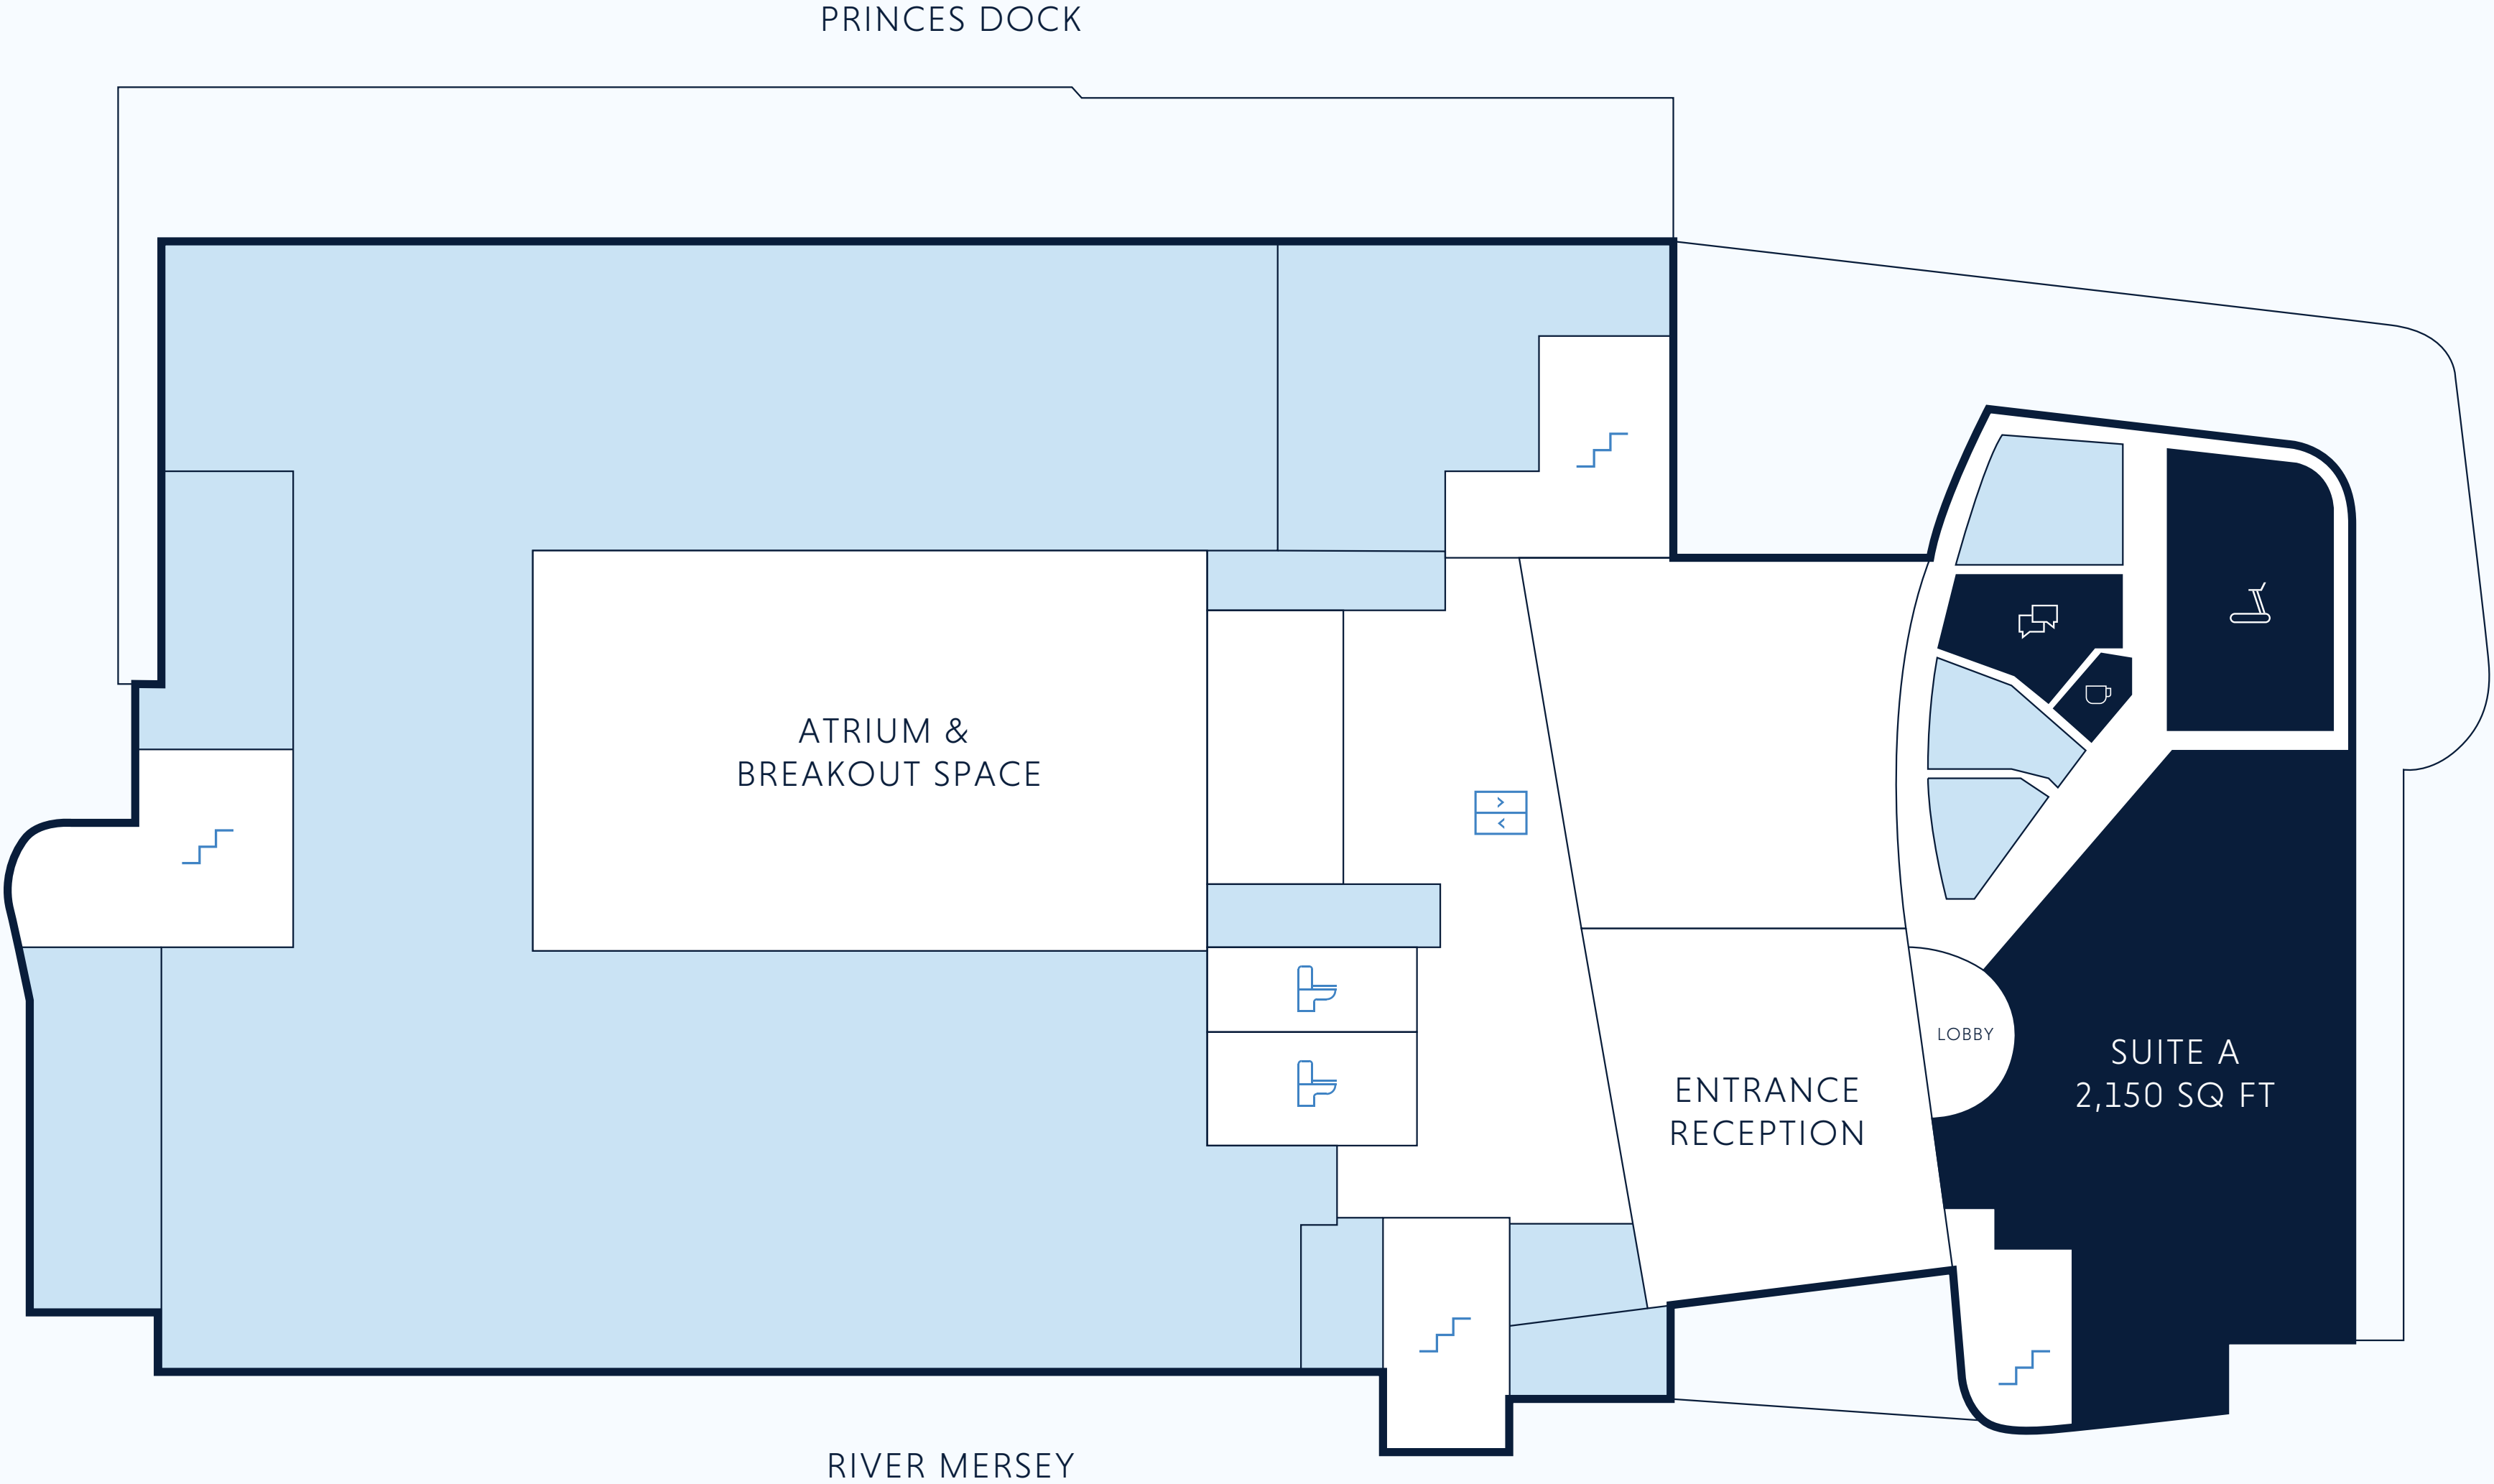

No. 12 Ground Floor.

The ground floor includes a river facing suite accessed from the reception area and a net internal area of 2,150 Sq. ft.

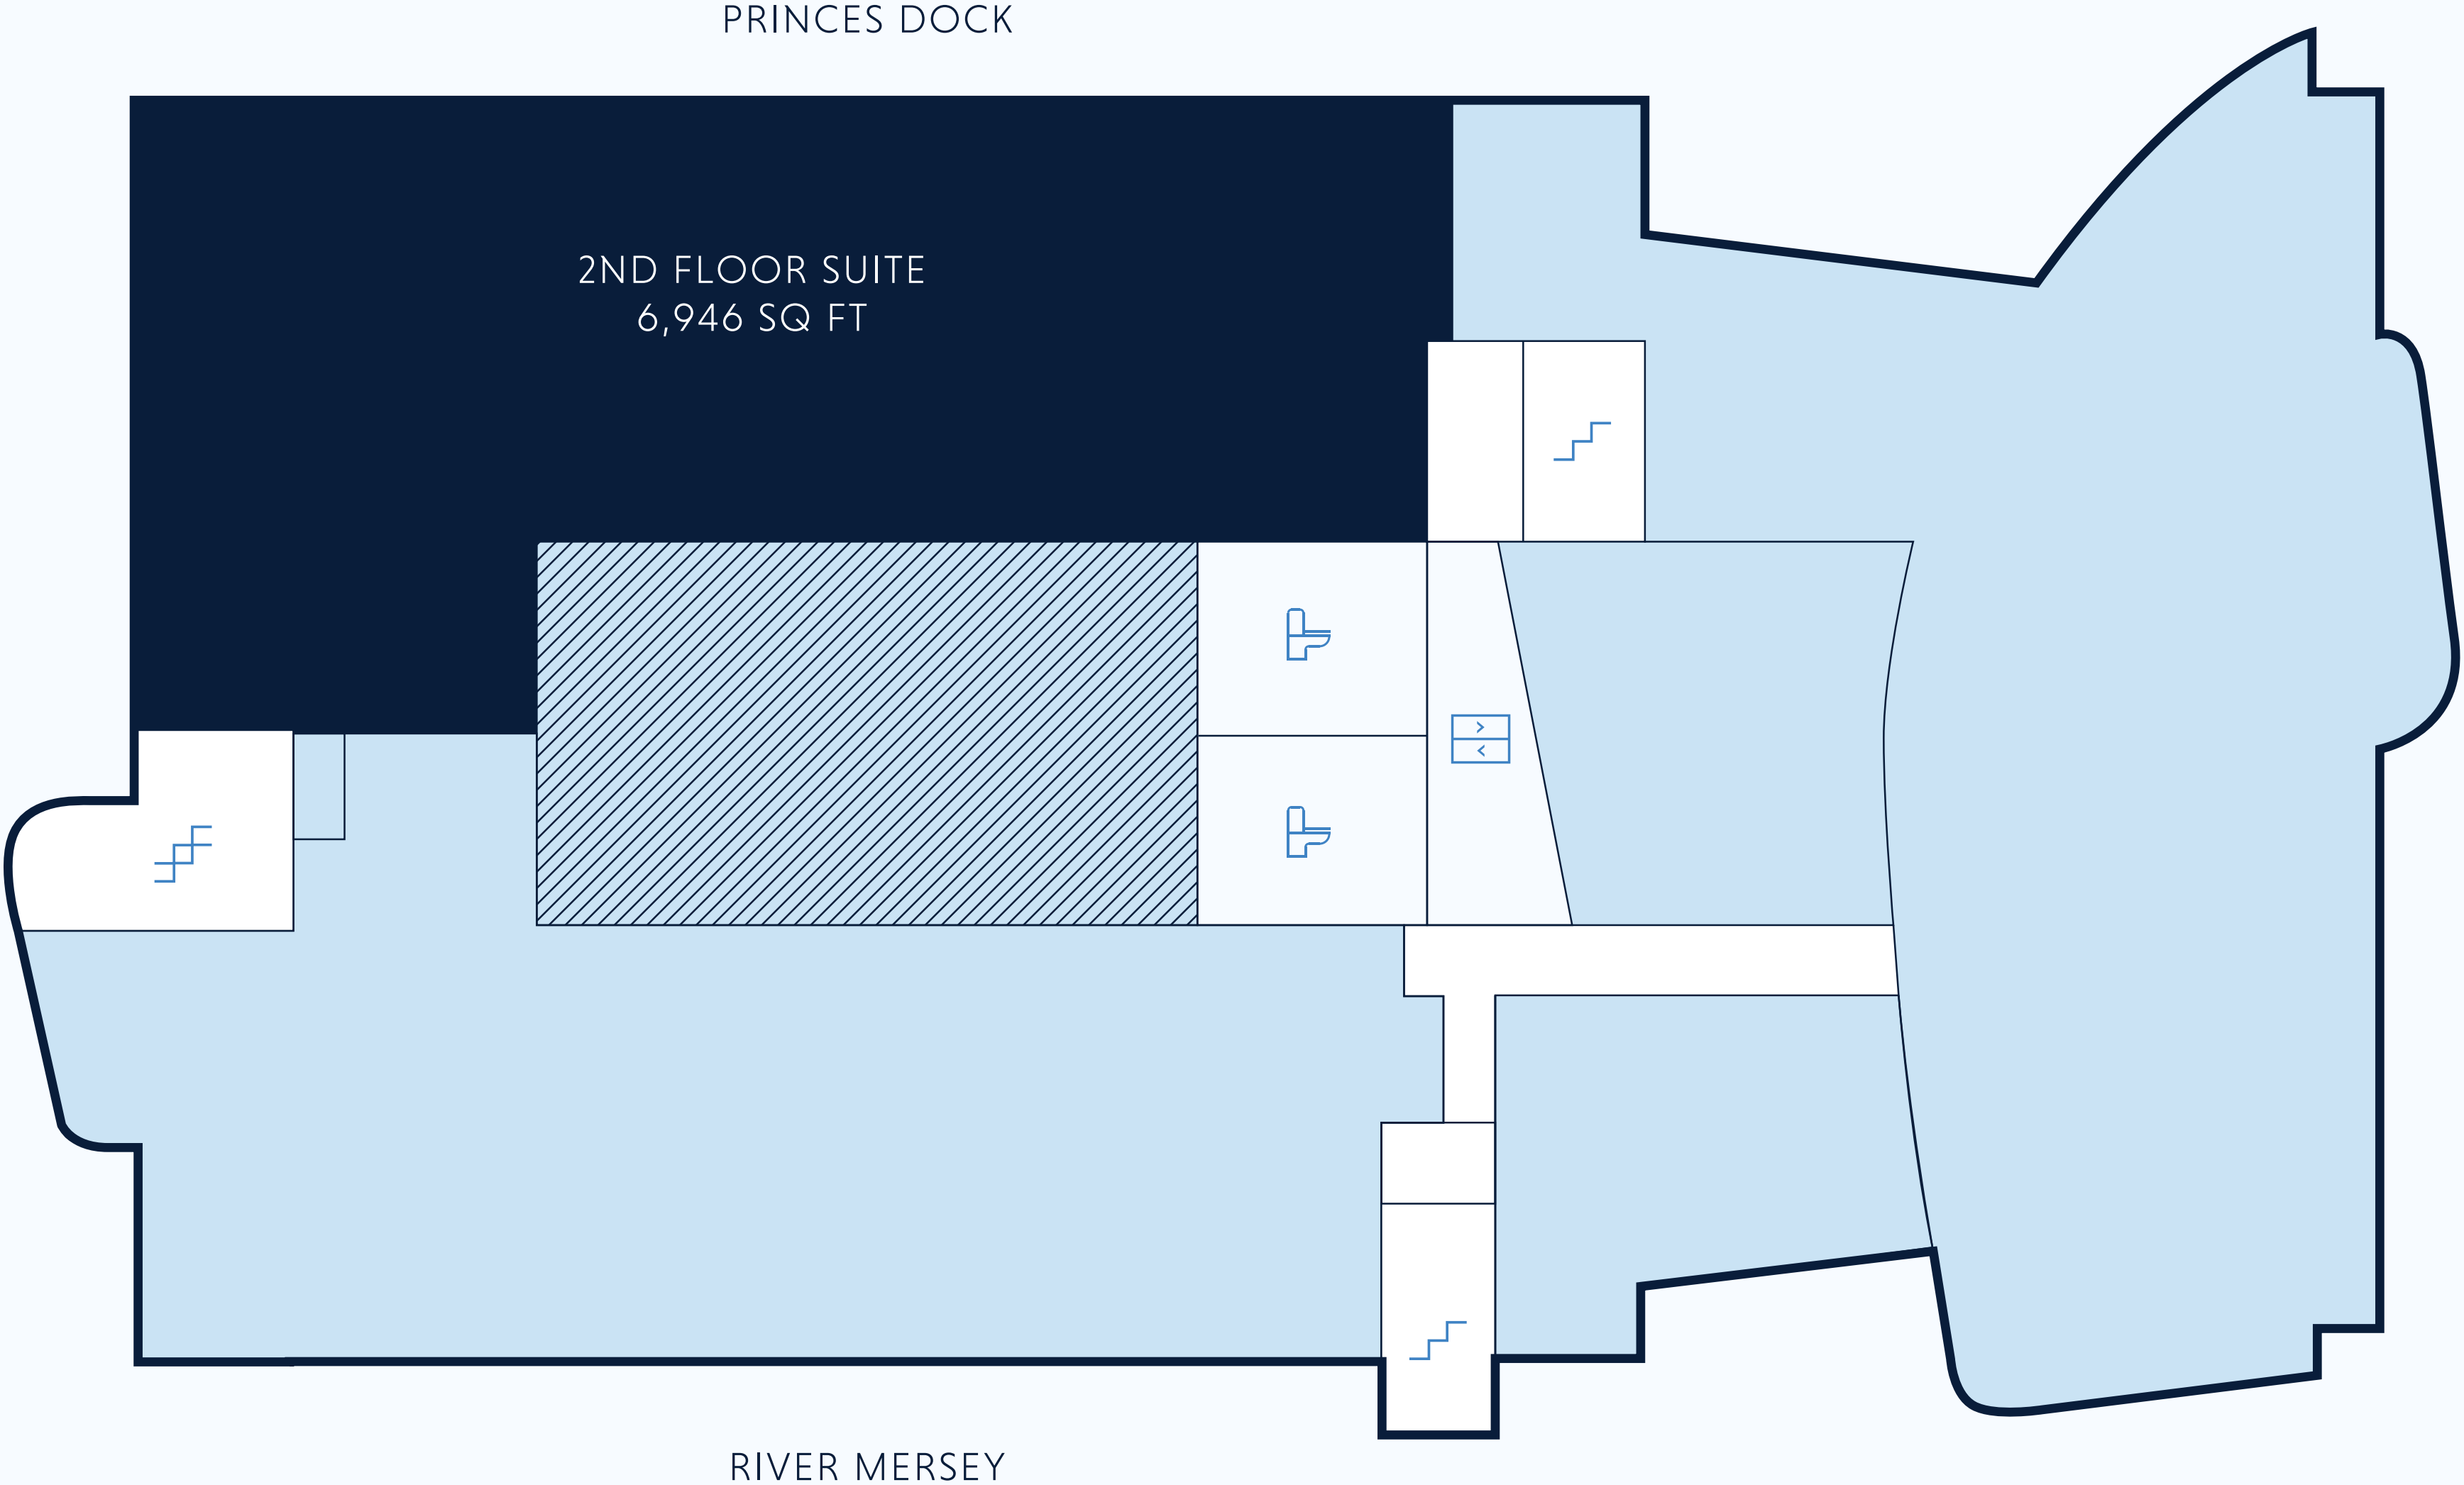

No. 12

Second Floor.

The second floor includes a dock facing suite with floor to ceiling glazing and a net internal area of 6,946 Sq. ft.

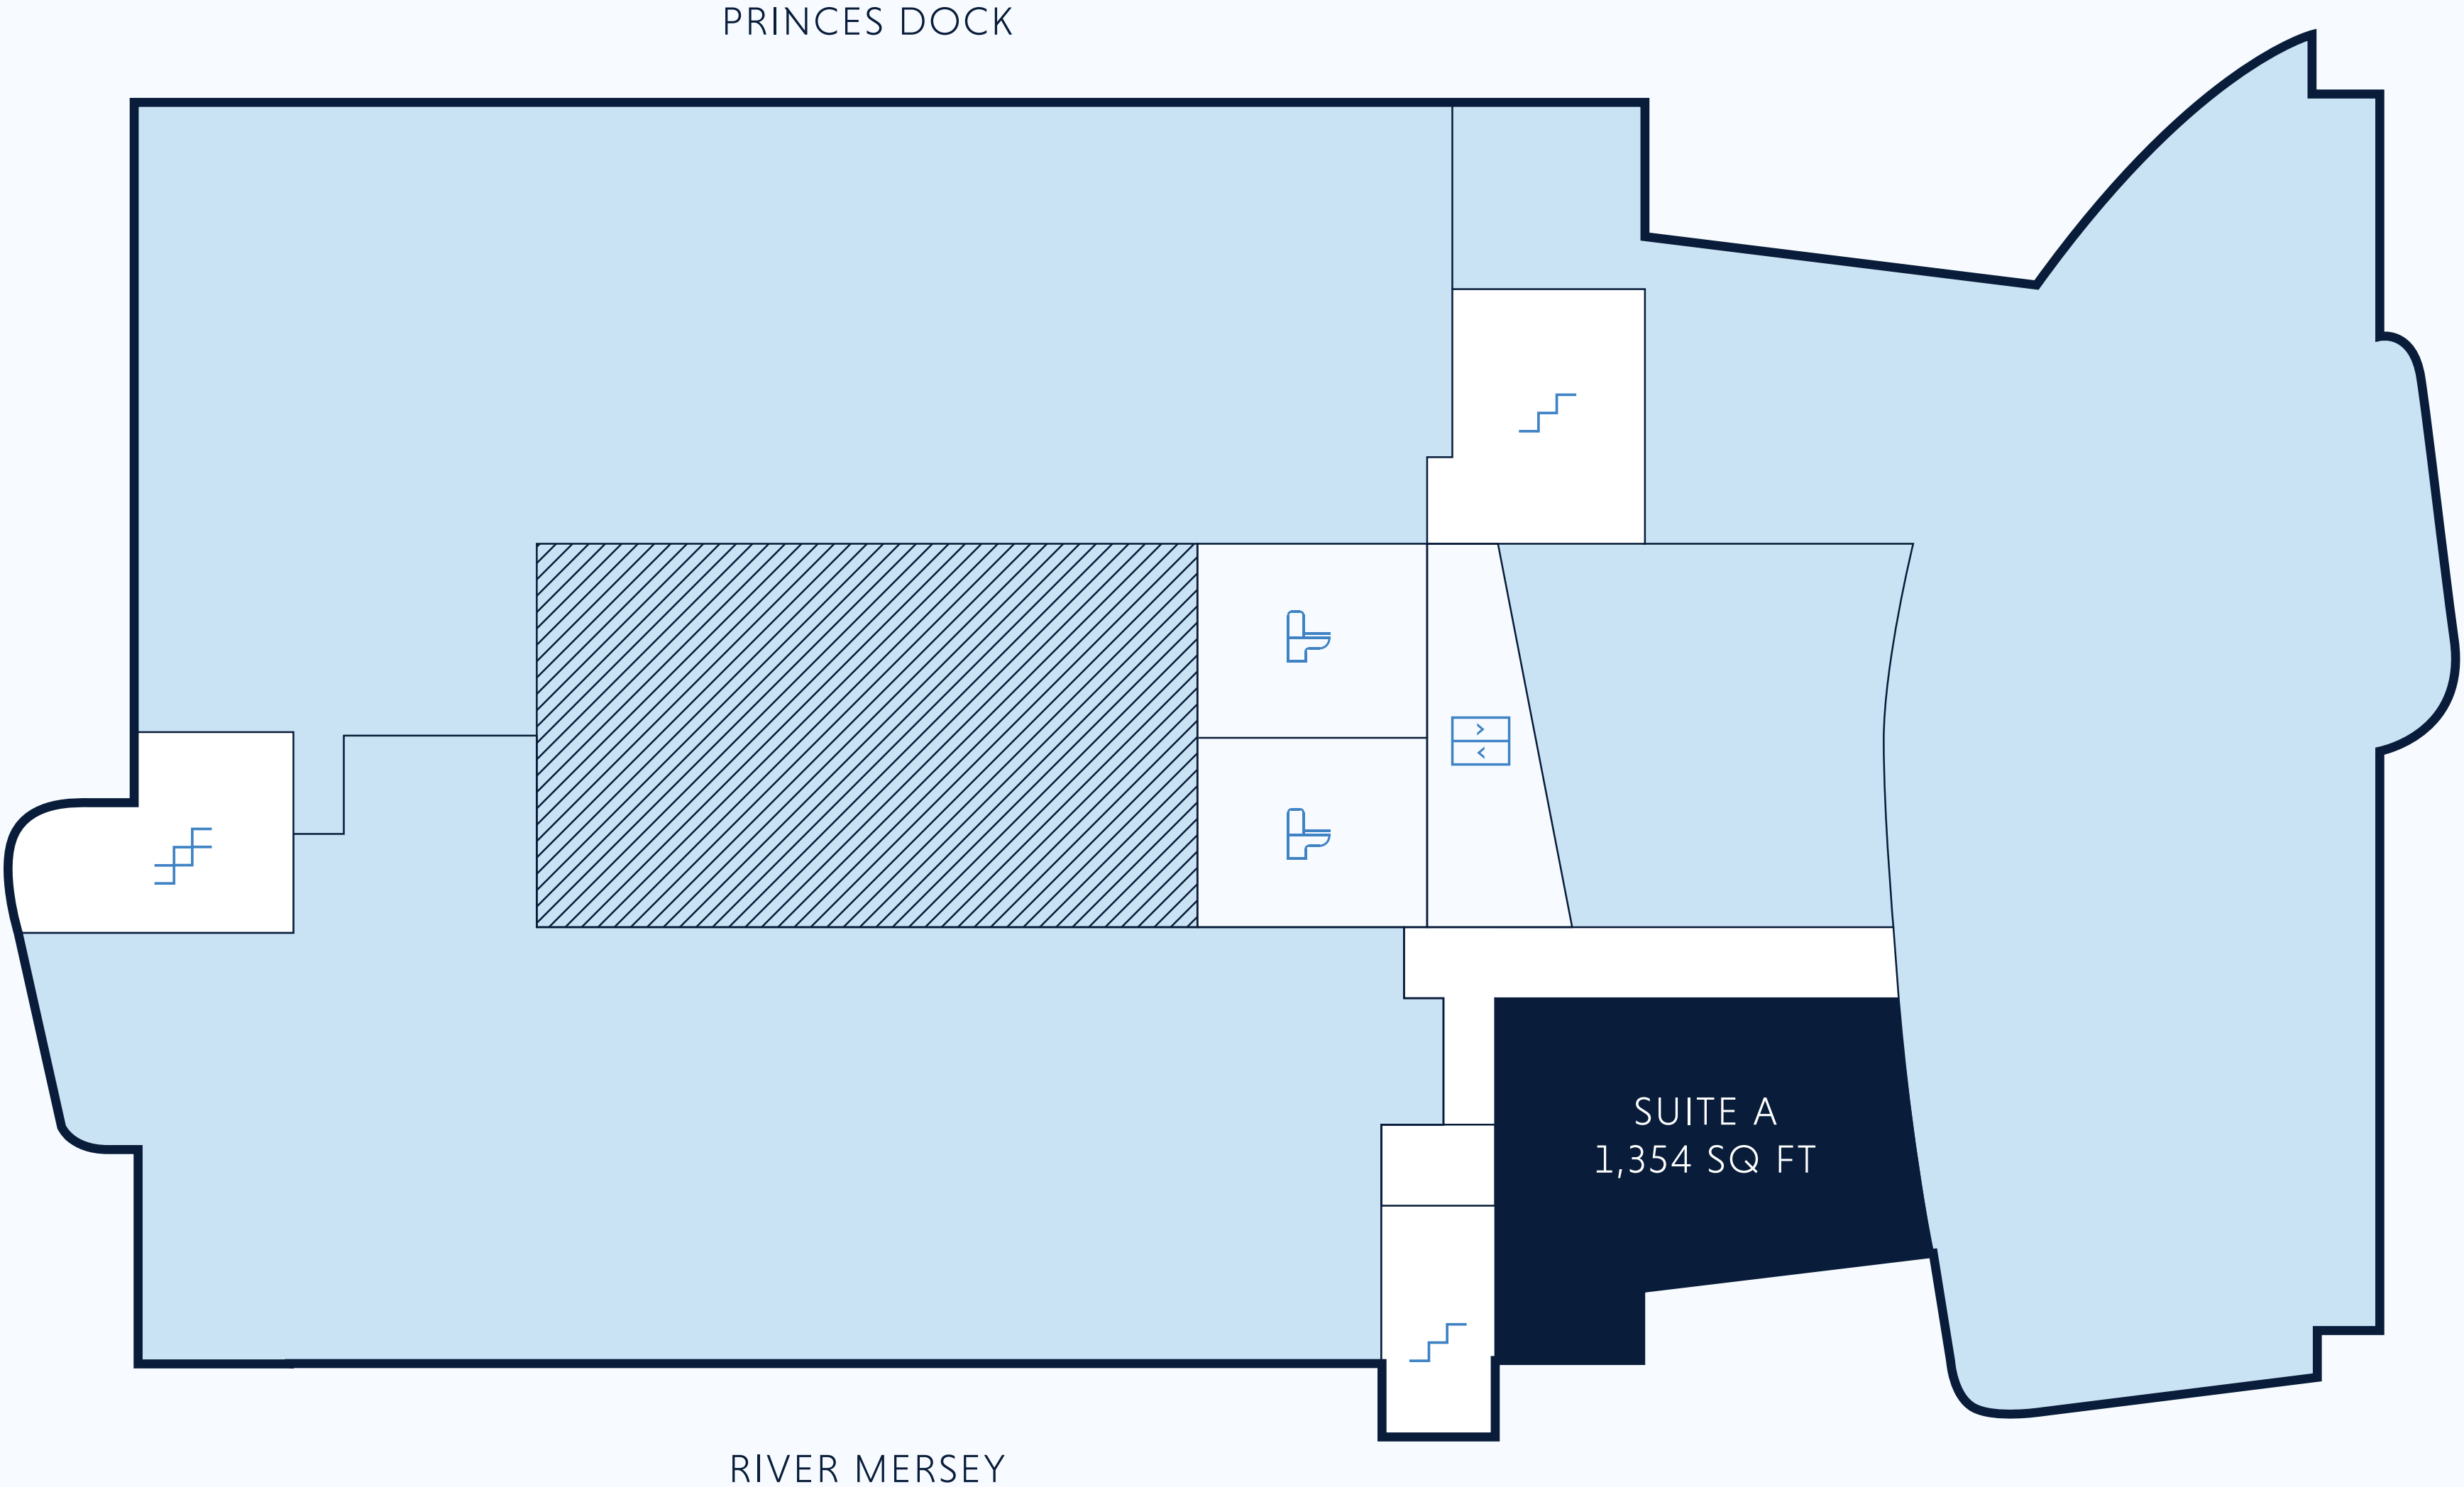

No. 12

Second Floor.

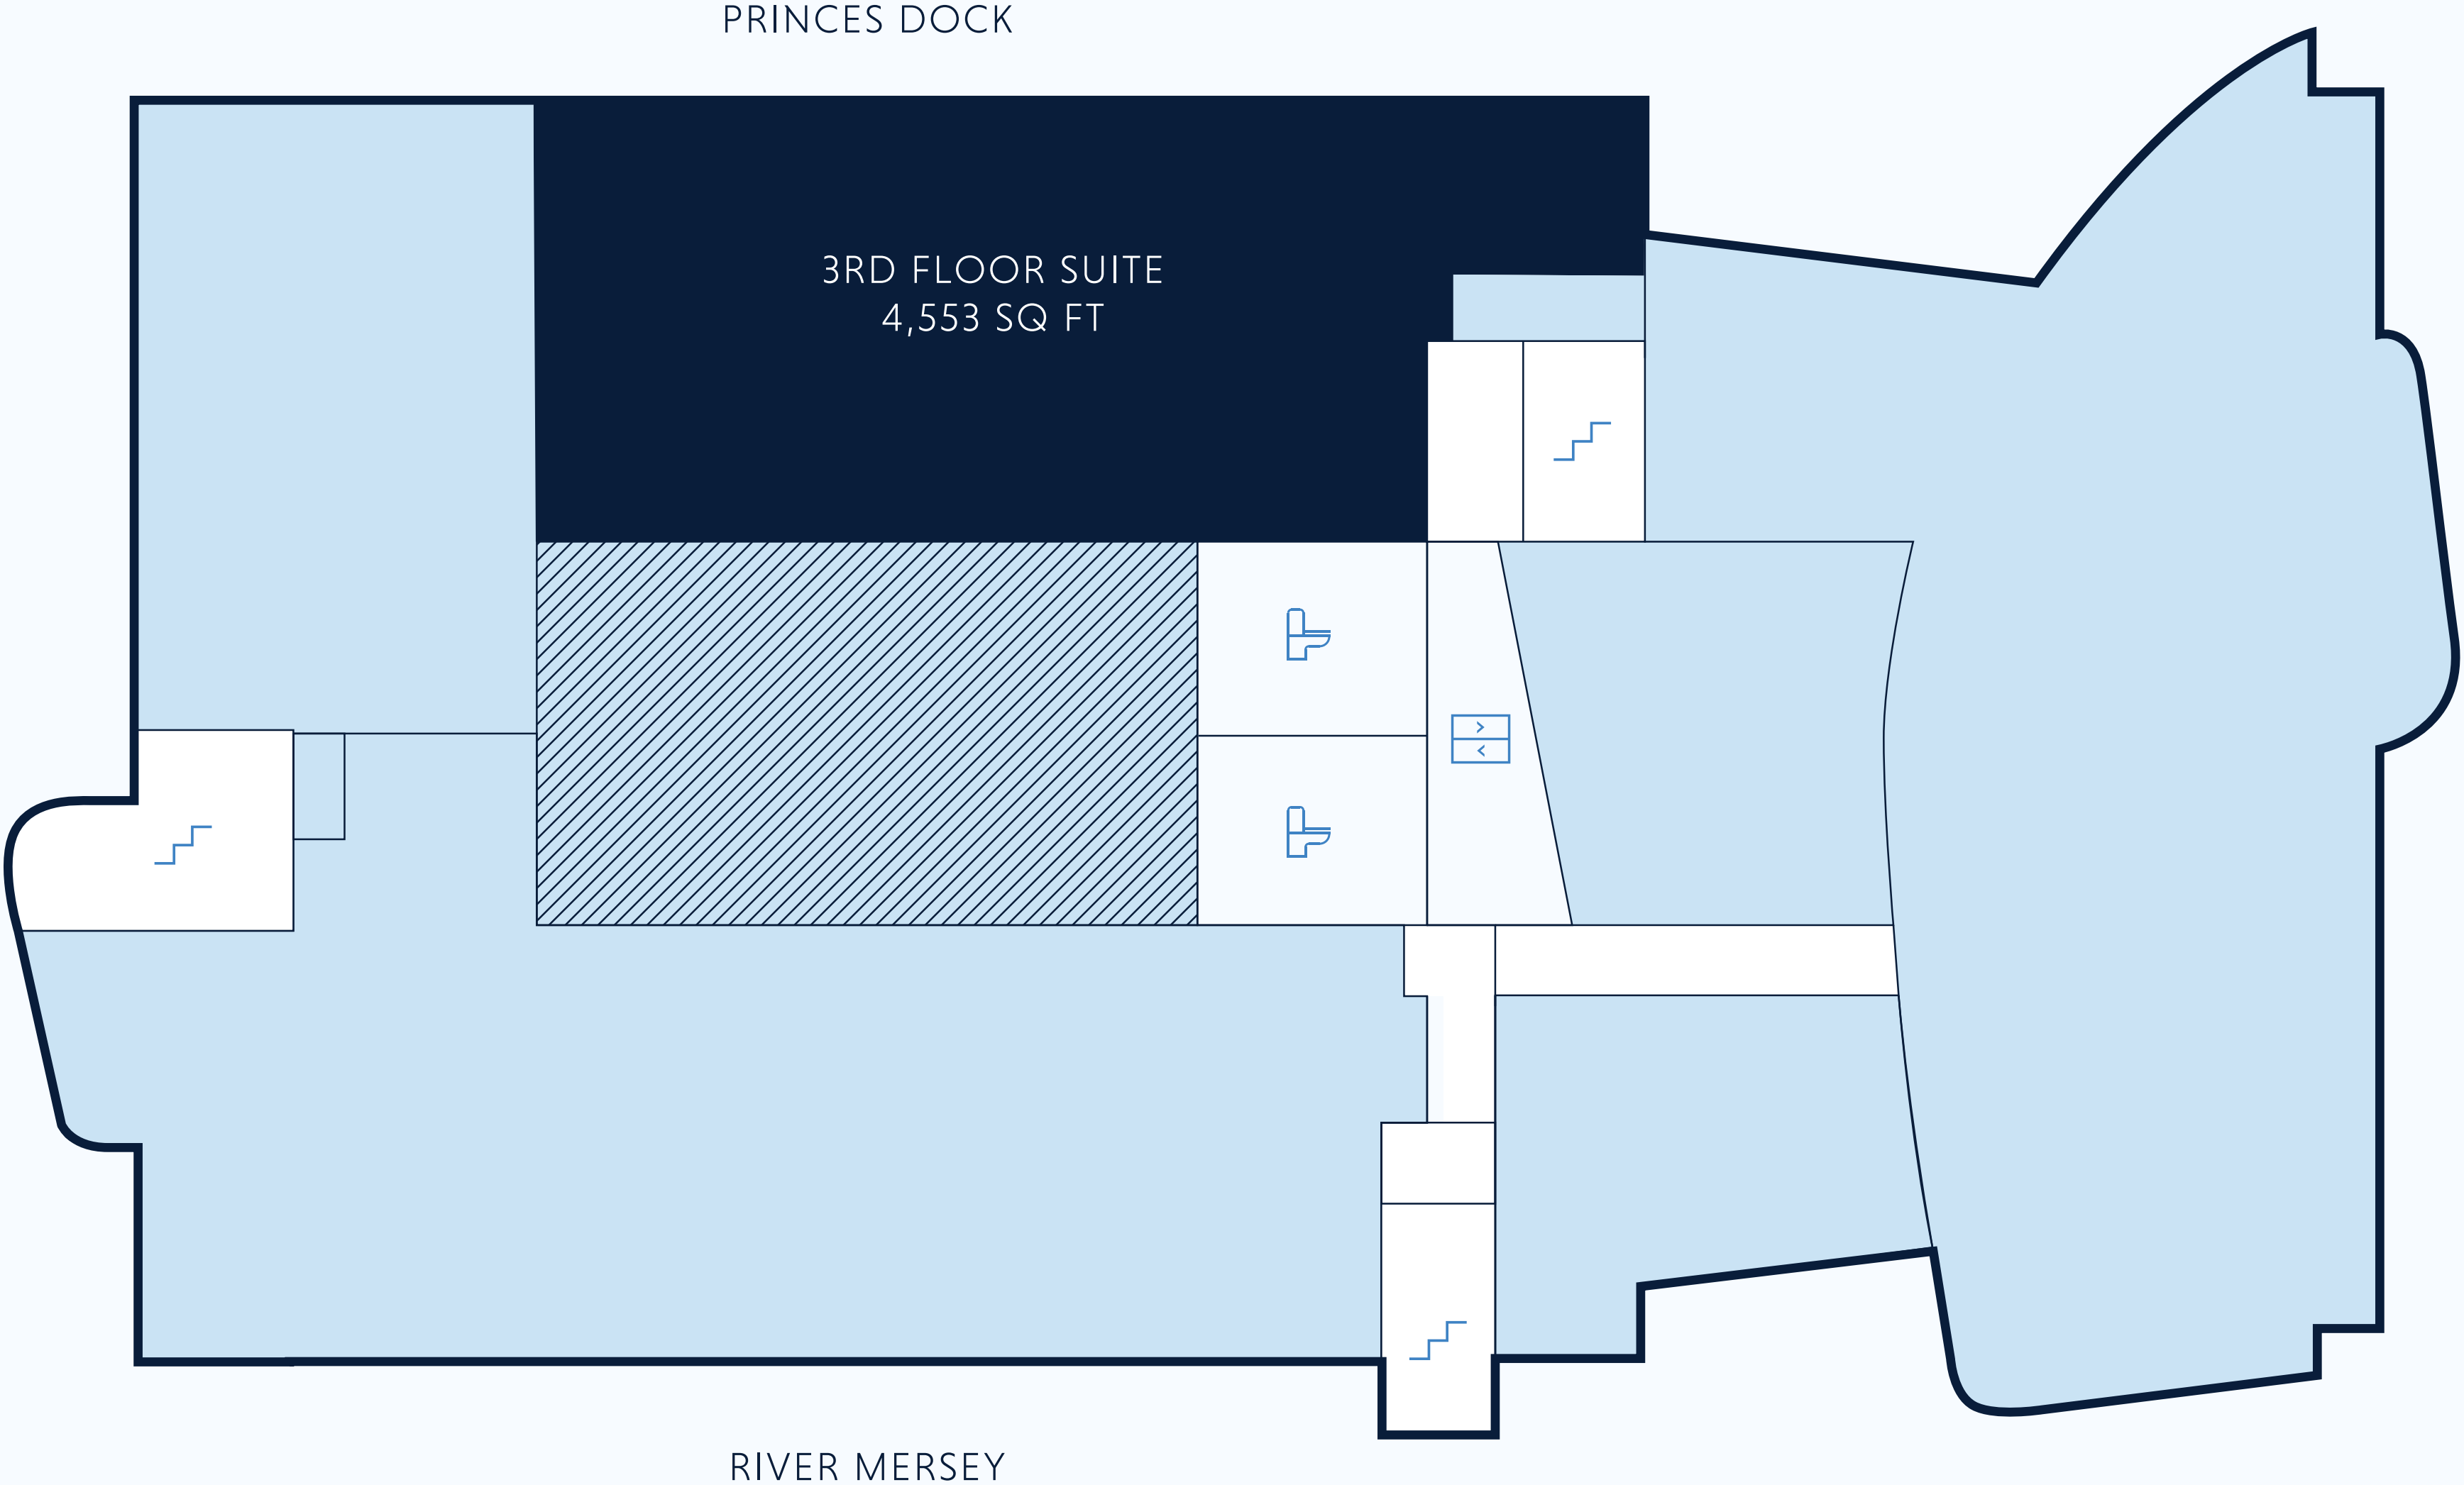

The second floor includes a river facing suite with floor to ceiling glazing and a net internal area of 1,354 Sq. ft.

No. 12 Third Floor.

The third floor includes a dock facing suite with floor to ceiling glazing and a net internal area of 4,553 Sq. ft.

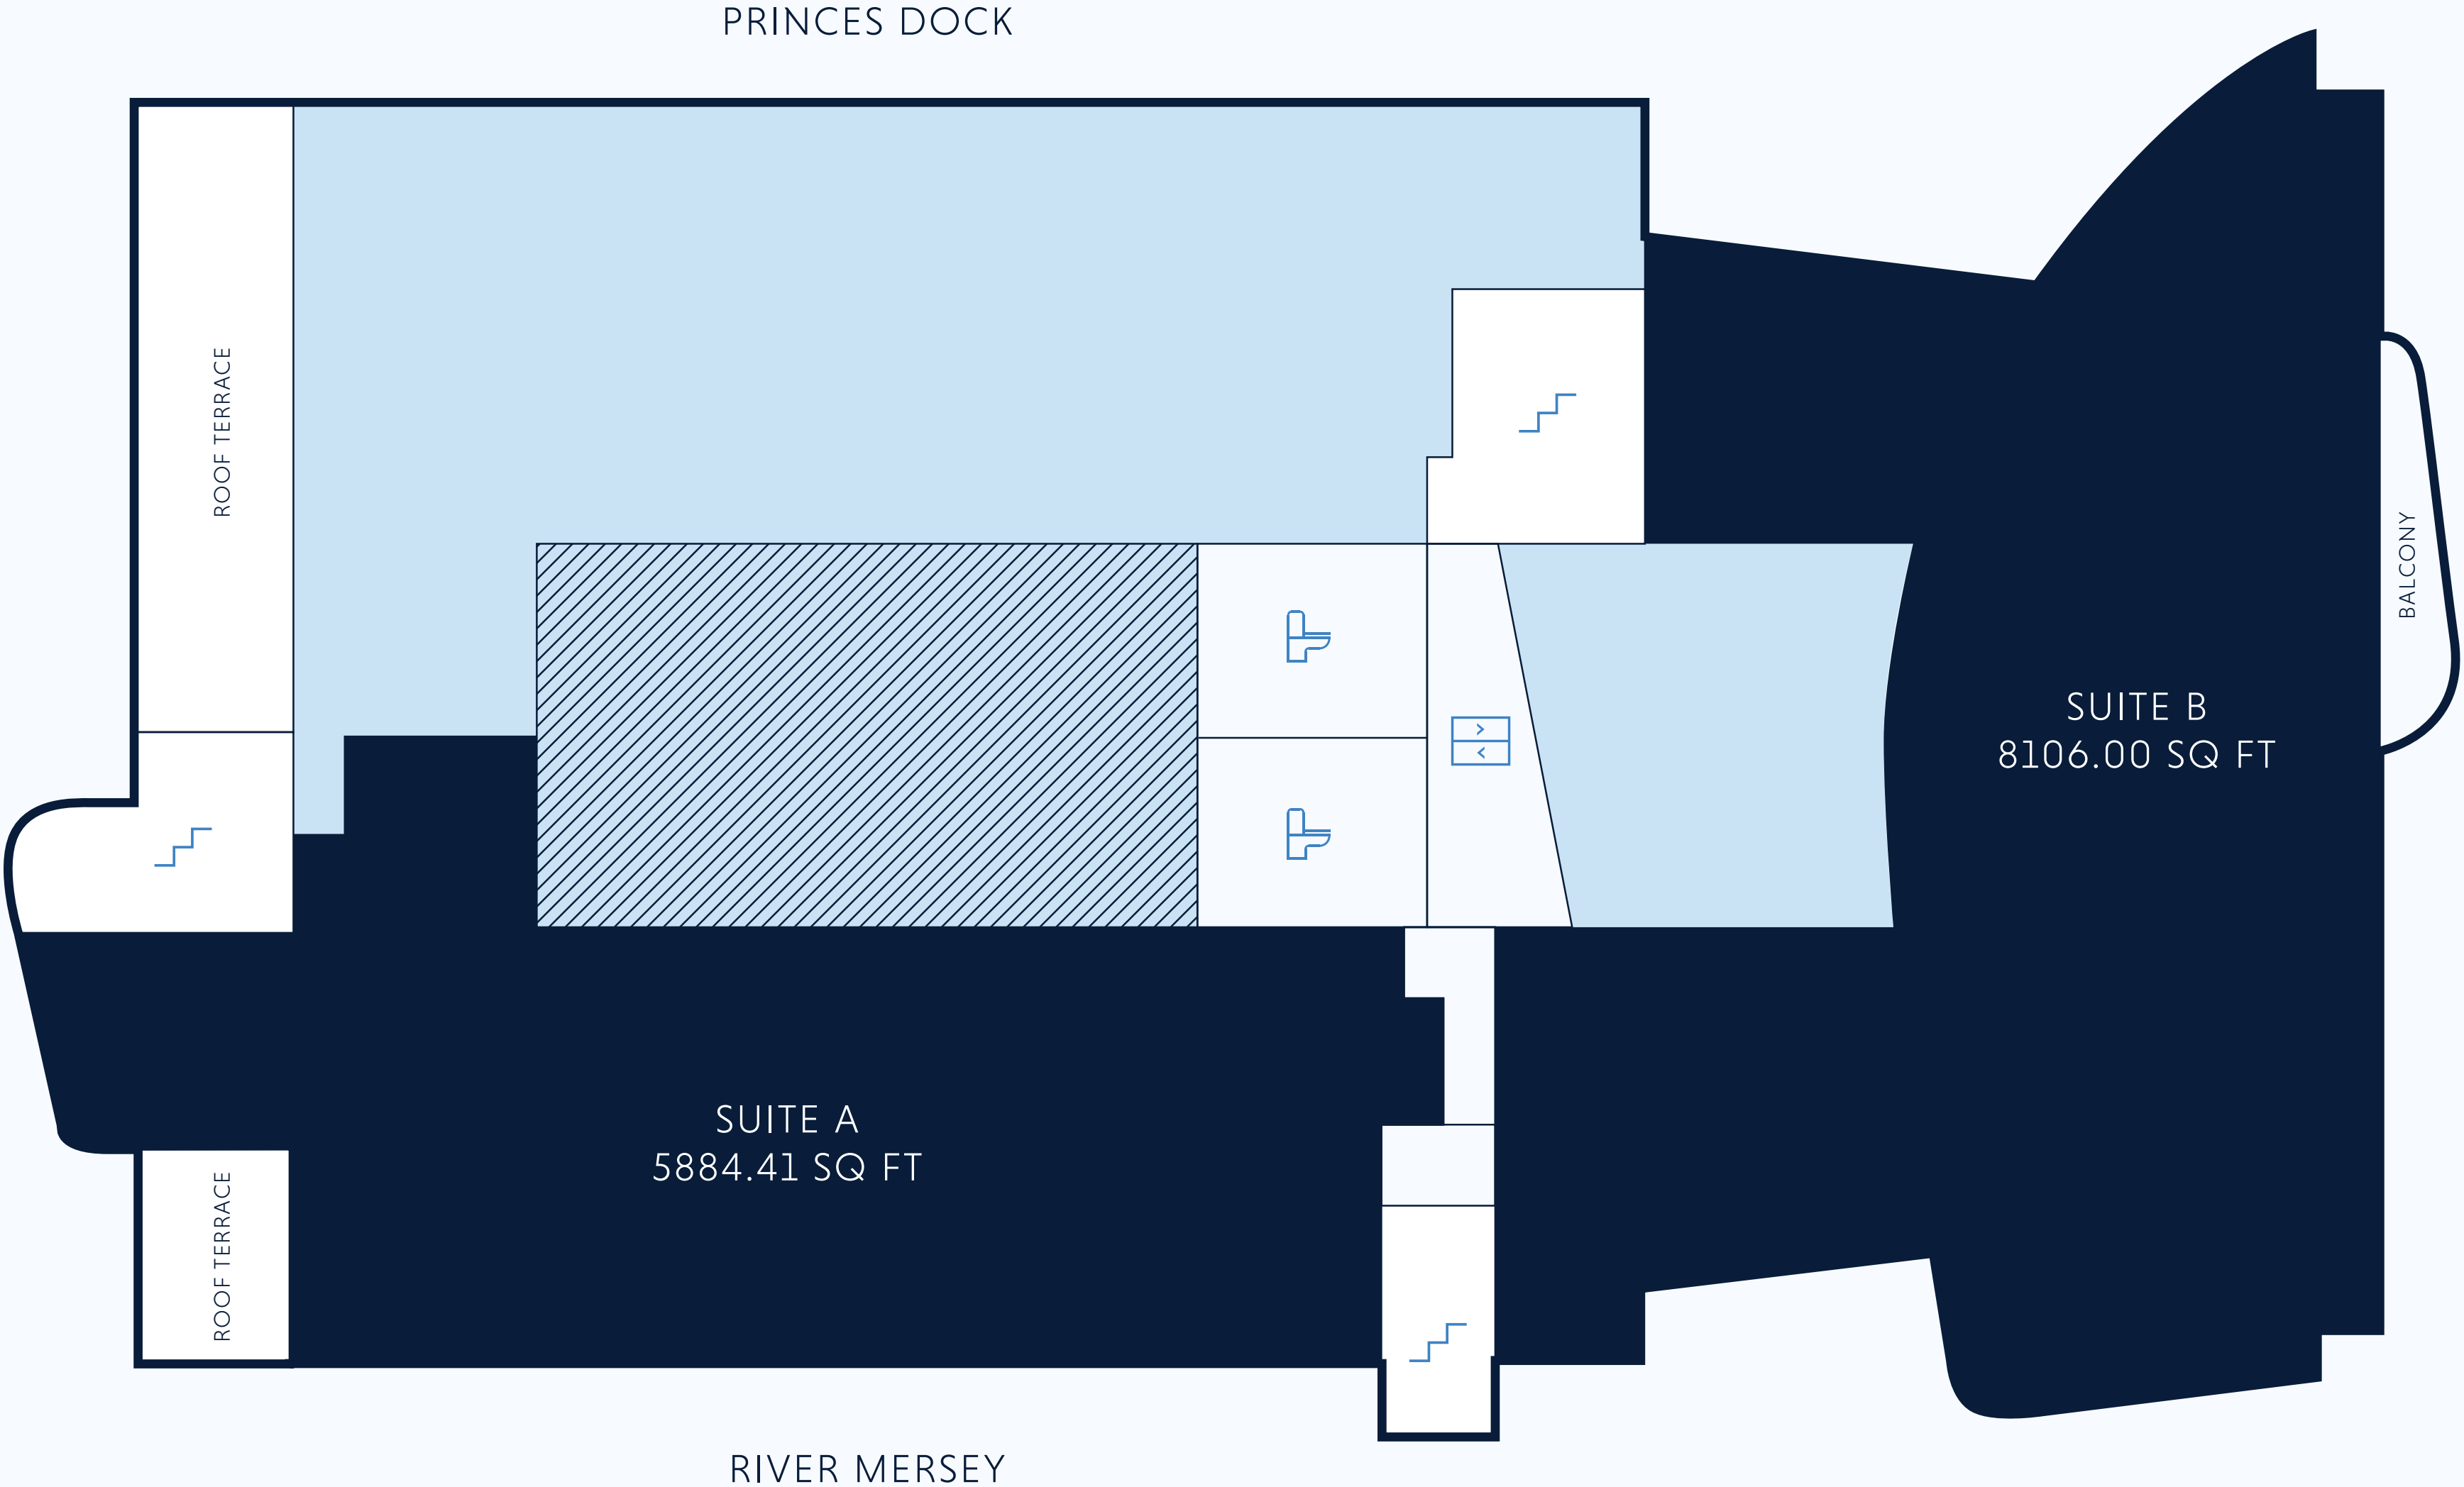

No. 12

Fourth Floor.

The fourth floor includes two suites that can be combined. The larger suite has a net internal area of 8106 Sq. ft with access to a balcony and the smaller space is 5884.41 Sq. ft with access to a roof terrace. Both have incredible views of Princes Dock.

No. 12

Flexible working.

The ground floor of No. 12 offers a range of flexible office suites from 111 Sq ft to 1,714 Sq ft.

All the suites offer stunning floor to ceiling glazing providing impressive waterside views across Princes Dock.

 Flexible contracts

 Air-conditioning

 Fully furnished suites

 IT / telephone

 A free car parking space with each office

 All inclusive monthly charge

 Fully accessible raised floors

After meeting the team and seeing the new flexible workspace offer we knew we wanted to move in! The office space has a smart modern feel and the views over the waterfront and surrounding area were the cherry on the cake. The location is also perfect for travelling in and out of the city."

Owain Davies | Managing Director of IT Answers

No. 12 Sustainability.

Net Zero

Since 2020, the Princes Dock neighbourhood has been Net Zero Carbon in operation. This has been verified against the UK Green Buildings Councils Net Zero Carbon Buildings Framework.

District Heat Network

The District Heating Network at Liverpool Waters generates heat from water extracted from the Leeds & Liverpool canal. This provides heating and hot water around the whole of Liverpool Waters from a renewable energy source.

REGO Electricity

Electricity sourced is all solely from zero carbon, 100% renewable sources, Solar, Wind and Hydro.

ISO:500001 Accredited

International standard for Energy Management Systems that has been designed to help organisations build a systematic approach to energy performance. Peel was the first property company in the UK to gain this accreditation.

Liverpool Waters. ESG commitments.

Liverpool Waters is creating neighbourhoods for the future, considering the environmental impact today for the place of tomorrow.

With access to blue and green infrastructure at its heart, Liverpool Waters and Peel care about wellness and the places we create.

Sustainability is at the heart of Liverpool Waters. Peel will ensure that the 60-acre development of parks, public realm, commercial and residential space thoroughly addresses the economic and social needs of the local and wider communities, whilst supporting the national agenda for climate change.

Peel has aligned their Sustainability and ESG Strategy and their targets with the United Nations Sustainable Development Goals.

Decent Work and
Economic Growth

Sustainable Cities
and Communities

Responsible Consumption
and Production

Climate Action

Life on Land

Our targets include:

- **Reducing energy consumption**
- **Helping people into work through apprenticeships** - A partnership with the City of Liverpool College to create the Liverpool Waters Construction hub, which provides local students with training and apprenticeship opportunities throughout the development.
- **Creating new public green space** - A brand-new 2-hectare public park at the heart of Liverpool Waters to support physical and mental wellbeing, provide amenity space to our new community whilst enhancing biodiversity and improving air quality, contributing to the city's goal of being zero-carbon by 2040.
- **New high-quality walking and cycling routes** into the city will be provided to ensure that car ownership can remain low.

Princes Dock. A dynamic network.

Our dynamic network of local and global businesses ensures you're always surrounded by good company.

No. 12 is home to some of the most prestigious organisations in the UK including System C Healthcare, CMA CGM Shipping and Griffiths & Armour.

You'll meet local companies at events like our annual Dragon Boat Race in support of Claire House, compete in Eliminator series from WeSwimRun, or unwind with outdoor yoga. Get the team together for seasonal moments, and witness historic events together.

Liverpool Waters.

This is Liverpool Waters.

Liverpool Waters is the transformational waterside development, reimagining and regenerating former industrial docklands into the most exciting, emerging district in Liverpool.

Running along Liverpool's iconic and internationally recognised waterfront and Liverpool's commercial business district with the city centre, Liverpool Waters' location is unrivalled and one of the most sought-after locations in the UK.

Overview.

Liverpool Waters is the largest single development opportunity in the city, bringing life back to the historic northern docklands, completely transforming them into a sustainable, high-quality, mixed-use waterside destination over the next 30 years.

£5bn

Regeneration scheme with 1,200 homes already built

2.3km

The span of the waterfront development

60ha

The regeneration of 60 hectares of former dockland

x4

The creation of 4 new neighbourhoods

9k

The development of up to 9,000 new waterfront homes

2ha

The delivery of Central Park, a brand-new 2-hectare park

53k

Construction of Everton Football Club's new £750m 53,000-seater stadium

About Liverpool.

01

Liverpool is witnessing a period of excellent growth built on its increasing population,, fantastic transport links, pro-active city council and a number of major regeneration projects.

03

The popularity of the city among students also fuels the youthful population with c. 79% of residents within a 1km radius of Liverpool Central Station aged between 15 and 34. This a key renter demographic, who we are also seeing remain in rented accommodation for longer periods of time.

05

Highlighted by The Data City as **The UK's Top City for Growth** identifying key sectors including Logistics / Software Development / Business Support Services as real boom industries in the city.

02

The city is a hub for enterprise, business and the arts with major projects in the city including Liverpool Waters, new Cruise Liner Terminal, new major Film studio and state of the art new football stadium for Everton FC.

04

Liverpool is a young and vibrant city known for its rich culture and historic waterfront. The City of Liverpool has a population of c. **500,000** and this is expected to grow by c. **6%** by 2030. The wider city region has a population of c. **1,551,500**.

06

Liverpool is a popular student city with a student population of over **60,000** across three universities which makes the city attractive to employers wanting to tap into this highly qualified workforce.
